COOKING INSTRUCTIONS

ROLLER GRILL EGG ROLLS

*Cooking times may vary. Please ensure the egg roll reaches an internal temperature of 165°F for food safety.

Fryer

- 1 Preheat oil in fryer to 350°F. Remove plastic film.
- 2 Fry frozen egg rolls 6-7 minutes until golden brown.*
- 3 Let stand 1-2 minutes after cooking.

Roller Grill

- 1 Defrost egg rolls in cooler (<40°F) two (2) days before cooking. Egg rolls can be held in cooler for up to 10 days.
- 2 Cook egg rolls on preheated roller grill (~210°F) for 30-40 minutes until the internal temperature of the egg rolls reaches 165°F.
- 3 Adjust the roller grill temperature to 180°F. Egg rolls can be held on roller grill at 180°F for up to 4 hours.

Rational Oven

- 1 Pre-heat oven to 425°F. Prep racks or baskets by applying vegetable oil.
- 2 Remove egg rolls from freezer, discard packaging, and place egg rolls into the Rational Oven. Set cooking time for 5-7 minutes. Start the cooking process.
- 3 If rational oven contains pre-set egg roll programs, select the appropriate program and cook egg rolls to 165°F.
